

# **Avoid the Queue Form Under the Age of 16**

## **Online Appointments and Repeat Prescription Service**

### **Information regarding the online appointment booking service**

Only Patients registered with the surgery are able to use this service. Filling this form out does not automatically give you access, it will be at the discretion of the Surgery.

All patients wishing to use this service need to apply individually and complete a form. Appointments are made in the individual's name, this includes children. If you are completing this form on behalf of a child, a parent or guardian will be required to have access to the online service already; this is because the accounts will be linked. Please ask for further information. The child's account will be automatically removed from the parent or guardian's account when they reach the age of 16.

### **Repeat Prescriptions:**

If you would like your repeat prescription to be forwarded to a pharmacy of your choice we are able to do this. Please tick your choice and inform the pharmacy that you wish them to collect it for you.

**If you have an iPhone you will be able to download the App for online appointments and ordering your medication which is a mobile friendly version. Just go on to the SystmOnline log in page where you will find the App to download. (Currently only available at present on iPhone.)**
